

**Chesson**Labs

FOR IMMEDIATE RELEASE

**Jeff Leung, Ph.D., joins the Scientific Advisory Board at Chesson Labs**

**DURHAM, NC, USA. June 4, 2009** ----- Chesson Labs, a Durham-based healthcare products and medical device company, today announced the appointment of Dr. Jeff Leung to their Scientific Advisory Board. Dr. Leung has extensive experience with medical device companies, having served as Vice President of Quill Medical, and Chief Scientist at Closure Medical.

"Jeff brings a successful track record in the creation and development of innovative medical devices to Chesson Labs," said Scott Neuville, President and CEO of Chesson Labs. "I'm confident that he will provide valuable insight and guidance to our product development efforts."

Dr. Leung, President of Medvizon Consulting, is a seasoned, entrepreneurial scientific executive and manager with extensive start-up experience in technology development and commercialization. He led discovery and innovations in the successful commercialization of two distinct "game-changing technologies": Contour Threads at Quill Medical, and Dermabond at Closure Medical. Dr. Leung received his Ph.D. from Massachusetts Institute of Technology.

**ABOUT CHESSON LABS**

Chesson Laboratory Associates, Inc. is a privately funded healthcare products company founded in 2006. Chesson Labs' proprietary products for use by professional and consumer healthcare professionals in development are based on innovative polymer-based technology.

Chesson Labs is headquartered in the University Tower in Durham, NC, with a research and development facility less than 10 miles away. For more information, visit [www.chessonlabs.com](http://www.chessonlabs.com)
